Olympic Lattice Flower Box Instructions

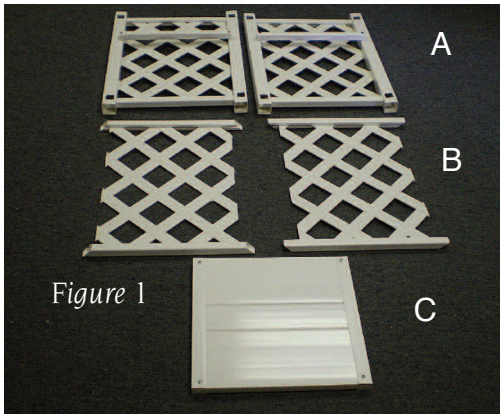

Figure #1. There are 5 panels to each box; (A) 2 - Solid side panels, (B) 2 lattice insert panels (C) 1 plant shelf.

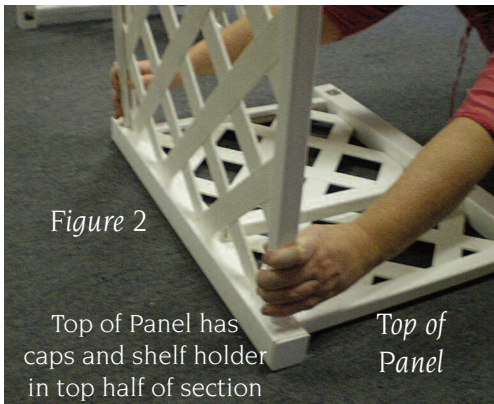

Figure #2. Take your first (A) Solid side panel, (be sure to have shelf bar towards top) Place in routed holes, shoving channels on lattice insert all the way down, to form a snug fit with other channel inside post. See figure #3

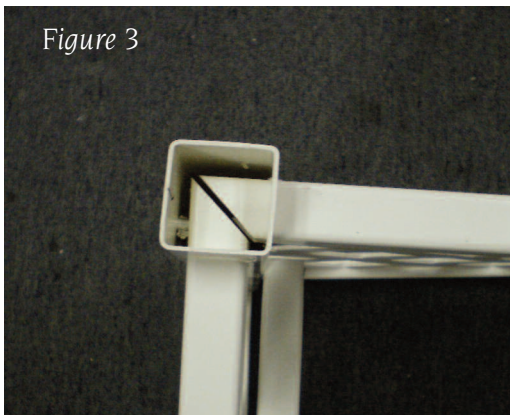

Figure #4. Finish each side by attaching the screw in the pilot hole of each panel. Be sure to screw through all posts

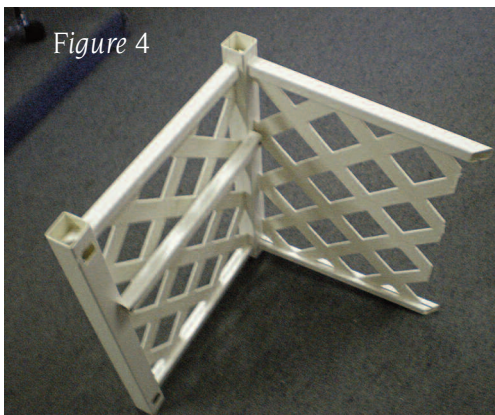

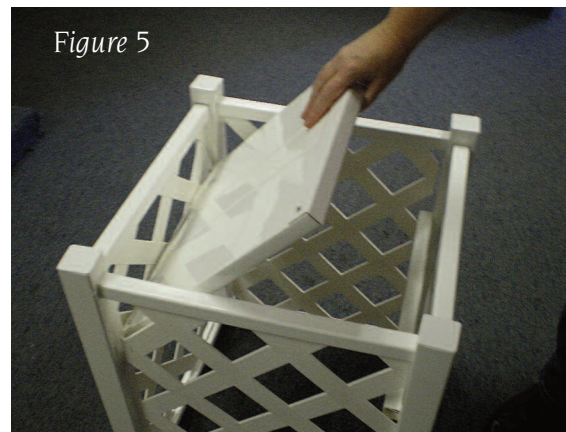

Figure #5. After all sides are assembled set shelf on top of rails.

Boxes may be used for dressage by adding our Premier Flower Box letters.
